

HERE IS SOMETHING ENTIRELY NEW

The Acorn Match-Lighter Lamp & Lantern

THEY GENERATE AND LIGHT WITH A COMMON MATCH

NO BOTHERSOME TORCH OR ALCOHOL NEEDED

THE ACORN MATCH-LIGHTER LAMP No.4

Acorn Match-Lighter No. 4
400 Candle Power
"LIGHTS QUICK WITH A MATCH"

In the Match-Lighter fixture we have the most highly developed lighting device in existence. Equipped as it is with a straight removable generator—one that you can actually generate and light with a common match. There is no need for either wood alcohol or torch. It will change the dimly lighted, uninviting Home, office, or store into a bright, cheerful place and at less expense and greater safety than any other methods of lighting.

A beautiful white embossed shade with a Pansy Design flowered border sets off its general appearance, making it a fixture desirable for every lighting purpose.

This lamp is without wick, chimney, soot, smoke, smell, grease, dirt, trouble or danger. A light that gives twenty times the light of an ordinary wick coal-oil lamp and without additional expense.

Specifications:—Fount holds three pints and sustains light 14 to 16 hours on one filling of common motor gasoline—Height 22 inches—weight 6 pounds. Handsomely polished nickel plated finish. Uses two Junior Rag Mantles, Pansy design white shade. Weight packed for Parcel Post or Express shipment 11 pounds gross.

Furnished complete with all accessories....

Code Brilliant.

LIST PRICE..... \$16.00

ACORN MATCH-LIGHTER LANTERN No. 5

The Acorn Match-Lighter Lantern is built for service. Being storm-proof it is unaffected by severe storms, rain, snow or sleet and can be used in-door or out-door with equal satisfaction and service being generated and lighted with a common match, no wood-alcohol or lighting torch is needed.

Every farmer, ranchman, dairyman, poultry-man, truck-gardener and ruralist will want it for night and early morning choring in the barn, milk-shed, feed-lot and out-buildings—used extensively by liverymen, night-watchmen, and hotel-keepers—popular with hunters, sportsmen, campers and travelers—Just the thing for camp-meetings, carnivals, shows, chautauquas, and picnic grounds—splendid for summer resorts and street lighting in small towns.

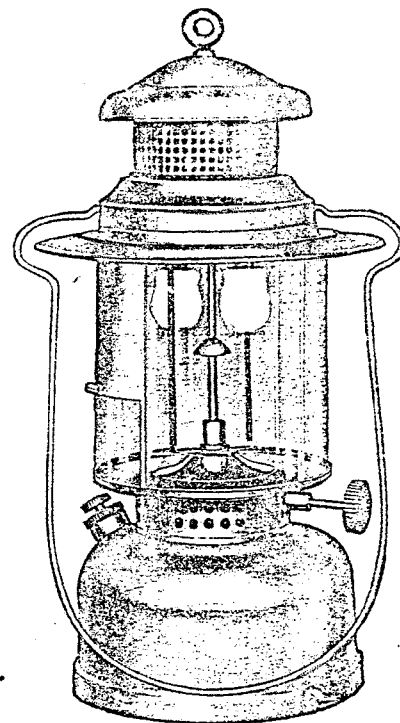

A 400 Candle Power light is produced from its two mantles, equaling twenty ordinary wick coal-oil lanterns and at no greater cost. It will burn continuously for 13 hours on one filling—one quart of common motor gasoline.

Specifications:—Fount holds one quart, Height, 13 inches, weight, 3½ pounds, finished in polished nickel plate—equipped with two Junior Rag Mantles, No. 8 Mica Chimney. Weight packed for Parcel Post or Express shipment, 6 pounds gross.

Furnished complete with all accessories—
