Dear Sirs:

The six lamps and lanterns came all O. K. Will try and get a larger order soon. The lamps I sold a year ago are working even better than when I first sold them. In the last two years I have tried other firm's lamps and lanterns and I find that there is only one standard lamp and lantern that is always ready to do its duty when you light them and that is your lamp and lantern. They are so simple to operate.

Respectfully,

For Reading and Sewing

Long Beach, Miss.
Sunshine Safety Lamp Co.,
Kansas City, Mo.
Gentlemen:
Now as to the lamp, I must confess it is superior to what I thought it would be when I ordered it. I don't think I ever saw its equal. With the one light in a sixteen-foot room my wife and I and the boy can sit in any part of the room and read and sew. My neighbors are delighted with it and I think I will be able to sell quite a few later on.
Thanking you for your kindness, I am,
Yours very truly,
E. B. HODGE.
